The TDC is considered one of the industries largest and most effective safety programs. Known as the “Super Bowl of Safety” the annual competition inspires tens of thousands of drivers to operate accident-free for the right to compete. During the TDC each driver has a chance to demonstrate his or her driving, inspection skills, knowledge and professionalism through a series of tests. Drivers will undergo a written exam, personal interview, pre-trip inspection test and finally the driving skills test.

This gives our drivers here at Sherman Bros a chance to be named best of the best!!

To be eligible, drivers must maintain continuous employment with Sherman Bros Trucking for a period of one year and have remained accident free, for one year prior to the competition.

Driver Appreciation

You could have the chance to be declared one of SBI’s “Driver of the Month” for the chance to win a prize. Anyone from S.B. Inc, can nominate you !! If you are accident/ticket free and picked as an exemplary driver, then you are also eligible to be amongst those placed in the prize drawings for Driver Appreciation Week.

S.B., Inc. Welcomes Tiffany Daugherty to the Team!!

I'd like to take this opportunity to introduce Tiffany Daugherty to Sherman Bros Trucking. Tiffany comes to us with trucking industry experience, working for companies such as Pacific Trading Inland, Cascade Empire and Georgia-Pacific. Tiffany recently moved to Eugene in February 2009 after residing in Portland since 1991 and previously in Seattle, WA. Tiffany will be working with our brokerage team here at the Harrisburg office.

Please help in welcoming Tiffany to our team!!

WELCOME

11:30am to 1:00pm

Safety Station:

Trucks Parked at the Fuel Island:

Attention has been brought to trucks using the fuel island for parking while not actively fueling....This causes trucks to back up along the "NO Parking" portion of the driveway creating multiple safety hazards, including blind spots for other drivers.

Once you've finished fueling, please move to designated areas.

Injury Prevention Suggestions:

Drivers, please remember you are our eyes and ears for us out there and any suggestions you have for injury prevention are welcomed and greatly appreciated!! Please let any member of the Safety Committee or your DM know your thoughts or tips for improvement.

Spring 2009 Co-Ed Softball

The smell of fresh cut grass...the crack of the bat and snap of the ball stinging the pocket of the glove...the yelp of pain caused by a pulled hamstring. These can mean only one thing....

Softball season is upon us!!

Softball season kicks off this year with a bang and a little bit of a squeal (Aaron?) with our first league game on May 15th.

We have begun practice and look surprisingly good for a first season team. We will be playing on Friday evenings throughout the summer. A full schedule with the times will be distributed by May 8th.

If you're bored and want some good all American entertainment, please feel free to stop by and root us on!!
